WHAT IS YBLN ALL ABOUT?

YBLN - Young Business Leadership Network

YBLN is a global business network formed by successful and broad-minded entrepreneurs with Korean ethnicity, often already in second generation or even higher (www.ybln.net). It enjoys the support of the Overseas Koreans Foundation, which in return is under the auspices of the Korean Ministry of Foreign Affairs (“MOFA”).

Inspired by the size of Chinese or Jewish business networks YBLN members gather each year, providing a platform to exchange valuable experiences, promising business ideas and rewarding opportunities. As of 2015 more than 160 senior executives from China, Japan, South East Asia, the Americas and Europe represent thirty host countries and more than 7.2m overseas Koreans. Starting with twenty participants in Los Angeles in 2010, over the following YBLN Fora the number steadily increased from Sao Paulo, over Tokyo and Jakarta to Beijing. From the beginning the active exchange of experiences was predominant. The vision of YBLN is to build a network which sustainably contributes to the welfare of mankind.
